

Re; Request to Protect Our Children.

Vicente Gonzalez,
United States
House of Representatives.

*Received by
Stephani Toscano at
the McAllen Office*

Dear Congressman,

I respectfully request your office to request an Executive Order or to introduce legislation to direct the U.S. Department of Education to determine the number of school children suffering of Electrohypersensitivities, on the ground that federal and State litigation has proven beyond reasonable doubt that those in charge of educating and protecting our children have committed fraud on the Courts to conceal that the same microwave radiation reaching children at school has caused harm to teachers, to fire fighters, to police officers and to other adults; to conceal a massive medical malpractice to conceal that this radiation is causing children Electrohypersensitivities, and brain, eye, blood, nerve, heart and DNA damage and other severe physical harm that defeats the purpose of education; to conceal that the microwave radiation at school is responsible for the poor academic performance, for the increasing number of children suffering of learning and of behavioral impairments, for the more of 700% of school children reporting sickness, for the increasing number of children collapsing in class and committing suicide, and for the increasing number of

children suffering of life-threatening and of terminal illnesses; to conceal that the switch from wired to wireless Internet in schools was not to improve education, but for private enrichment; to conceal that the lowering of academic standards was to conceal the harm being caused on our children's brains by the microwave radiation at school; to conceal that our children have been chosen to start an extremely dangerous and suicidal experiment bound to cause harm even to generations to come; and to conceal that the future of our children and of our national security are being sold to the wireless Lobby as detailed on the documents attached to this Request. Thank-you very much for your attention to this matter. If more evidence is necessary, I will be happy to oblige.

Respectfully submitted,

Jesus Mendoza 20 June, 2017.
Jesus Mendoza

ELECTROHYPERSENSITIVITY, EHS.

EHS is caused and aggravated by exposure to the same radiation reaching children at school and proves conclusively that the use of wireless devices inside schools is causing children harm that defeats the purpose of education and that a massive medical malpractice is concealing the harm being caused on children by the microwave radiation at school.

I am suffering of a painful, debilitating, and life-threatening EHS. Exposure to the same radiation reaching children at school, including the microwave radiation emitted by Wi-Fi transmitters, cell phones and wireless computers causes me among other things, swelling of vital organs; swelling of face, head and eyes; flu and allergy symptoms; rashes and loss of skin; symptoms of heart attack and of stroke; and breathing, speech, hearing, concentration and memory problems. The delayed effects of radiation exposures have been catastrophic. I have a history of life-threatening swelling of heart, and the swelling inside my skull has been so severe as to push an eye out of its socket. I cannot be inside my home but for a few minutes at a time and I stay in a metal room and in an underground room in the backyard. For the most part, I have been home-bound for more than 6 years. I have been violently ill several times. At times, I struggle to breathe even with oxygen. I am in pain all the time. Everyday is a different torture. My EHS has been recognized by federal and State agencies and by Courts as a physical medical condition and as a disability.

To a lower degree, my children are also suffering of EHS and the fraud on the Courts detailed herein was to prevent expert medical evaluations for treatment of the harm caused on my children by the radiation at school; to conceal that most doctors are misdiagnosing and mistreating with harmful medication symptoms that disappear with avoiding microwave radiation; to conceal that the switch from wired to wireless Internet in schools was not to improve education, but for private enrichment; to conceal that the Obama Administration, taking advantage of pervasive public corruption, started with our children an extremely dangerous and suicidal experiment bound to cause harm even to generations to come; and to conceal that the future of our children and of our national security are being sold to the wireless lobby.

JOHNSON MEDICAL ASSOCIATES

Comprehensive Medicine | Traditional | Holistic | Alternative

RE: Jesus Mendoza

To Whom It May Concern:

The above patient has been under my care for many years. He is currently suffering from severe hypersensitivities to chemical fumes, odors, and a life-threatening electro-hypersensitivity. .

It is medically necessary that he be allowed to appear by phone for court. Please allow him to have phone conferencing as he is unable to tolerate the building. If this patient appears in person in court, his speech, concentration, memory, and hearing will be severely impaired. If he is confined inside a building or in other places where there is radiation, he could suffer irreversible harm including death.

Exposure to sources of radiation emitted by power lines, electric transformers and motors, computers, fluorescent lights, and wireless devices, causes Mr. Mendoza severe pain, swelling of vital organs, breathing difficulties; as well as speech, concentration, memory, and hearing deficits. Also, exposure to some chemicals, fumes, and odors can cause the same health effects as listed.

If you have any questions regarding this please, please feel free to contact my office.

Sincerely Yours,

Alfred R. Johnson, D.O.

The pictures show the facial swelling caused by exposure to the radiation emitted by the speaker of a land-line phone after a 2-hour phone hearing in federal Court in which a world-class expert in radiation exposures at school, Dr. Samuel Milham testified that my children inherited my Electrohypersensitivity; that the swelling, black spots and bloody lines on my childrens eyes were caused by the radiation at school and that my children needed to be transferred to another school to prevent further aggravation of their health condition. Exhibit "A" to Docket 34, Mendoza et al., v. Sharyland ISD et al., Case No. 7:11-cv-29 (S.D. TX. 2011).

At no time during the litigation STSD officials disputed the evidence of the legitimacy of my Electrohypersensitivity, or the evidence proving their falsification of government records, perjury and fraud on the Courts to conceal the harm being caused on children by the radiation at school. Docket 101, Id.

Relevant Excerpts of Decision.

SOCIAL SECURITY ADMINISTRATION
Office of Hearings and Appeals

DECISION

IN THE CASE OF

Jesus Mendoza
(Claimant)

CLAIM FOR

Period of Disability,
Disability Insurance Benefits, and
Supplemental Security Income

FINDINGS

After careful consideration of the entire record, the Administrative Law Judge makes the following findings:

2. The claimant has not engaged in substantial gainful activity since August 31, 2000, although he continues to engage in work activity.
3. The claimant's electromagnetic sensitivity is a severe impairment, based upon the requirements in the Regulations (20 CFR §§ 404.1521 and 416.921).

William F. Nail, Jr.
William F. Nail, Jr.
Administrative Law Judge

OCT 23 2003

Date

OPEN LETTER TO PARENTS, TO DOCTORS, AND TO SCHOOL OFFICIALS.

Federal and State litigation has proven beyond reasonable doubt fraud on the Courts to conceal:

That the wireless devices used inside schools are exposing children to more than 250,000 uW/m2 of microwave radiation; that this radiation has caused harm to teachers, to fire fighters, to police officers, and to other adults; that the radiation at school is causing children Electrohyper-sensitivites, and brain, eye, blood, and DNA damage, and other severe harm that defeats the purpose of education; that the lowering of academic requirements and the manipulation of grades are to conceal the harm being caused on our children's brains by the radiation at school; and to conceal that the switch from wired to wireless Internet in schools was not to improve education, but for private enrichment.

Below some of the undisputed evidence on the record proving the harm being caused on children by the microwave radiation at school.

uW/m2

20	<u>Altpeter 1995,1997</u> . Sleep disorders, abnormal blood pressure, weakness, fatigue, limb pain, digestive problems, fewer school children promoted.
30-200	<u>Heinrich 2010</u> . Short term exposure caused headaches, irritation, and concentration problems in school children.
30-500	<u>Thomas 2010</u> . Short term exposure caused sleep problems in school children.
50	<u>Mohler 2010</u> . Chronic exposure caused sleep problems.
50-400	<u>Thomas 2008</u> . Adults exposed to short term cell phone radiation reported increase in headaches and in concentration problems.
60-100	<u>Buchner 2012</u> . Long term effects on immune system.
100	<u>Kolbun 1987</u> . Human sensation.
100-500	<u>Hutter 2006</u> . Headaches, concentration and sleeping problems.
100-1,100	<u>Navarro 2003</u> . Fatigue, headaches, sleeping problems.
150-2,100	<u>Aughner 2009</u> . Short term exposure, changes in mental state, prevented refined word choices, calmness, stupified, zoned-out.
165-4,400	<u>Oberfeld 2004</u> . Fatigue, depressive tendency, sleeping disorders, concentration problems, cardio-vascular problems, significant increase in breast cancer and brain tumors.
300-500	<u>Rassoul 2000</u> . Headaches, memory changes, depressive symptoms, sleeping problems.
500-1,000	<u>Khurana 2010</u> . Increased neuro, cardio symptoms and cancer.
500-1,000	<u>Kundi 2009</u> . Headaches, fatigue, concentration and sleeping problems.
638	<u>Papageorgio 2011</u> . Decreased cognitive function.
1,300	<u>Zwamborn 2003</u> . Decreased cognition and well being.
1,600	<u>Kolodinski 2006</u> . Memory, attention, motor function of school children.
2,100	<u>Ridervold 2008</u> . Reported increased headaches in only 45 minutes of exposure to cell phone radiation.
3,800	<u>Schwartz 1990</u> . Effects on heart function.

uW/m2	
3,000	<u>Wolf 2004.</u> Ten times risk of cancer with short latency.
2,000-80,000	<u>Hoking 1996.</u> Two fold increase in leukemia in children.
2,000-80,000	<u>Hoking 2000.</u> Decreased survival in children with leukemia.
5,000	<u>Alberts 1997, Oscar and Hawkin 1997, Neilly and Lin 1986.</u> Breakdown of brain-blood barrier allowing entry of toxics into the nervous system.
5,000-10,000	<u>Avendaño 2012.</u> WiFi level laptop exposure for 4 hours caused decrease in sperm viability and DNA damage.
8,000-100,000	<u>Akoev 2002.</u> Changes in behavior.
10,000	<u>Eltiti 2007.</u> 50 minutes of exposure caused loss of well being to electrosensitive patients.
10,000	<u>Persson 1997.</u> Toxic leakage of the blood-brain barrier.
10,000	<u>Simonenko 1998.</u> Headaches, dizziness, irritability, fatigue, weakness, insomnia, chest pain, stomach and breathing problems.
10,000	<u>Novoselova 1999.</u> Affected functions of immune system.
13,000-57,000	<u>Dolk 1997.</u> Leukemia, skin melanoma, bladder cancer.
20,000	<u>Mann 1996.</u> Effects in immune system.
20,000	<u>Frey 1963, 1969, 1971, 1973, 1988; Justenson 1979; Olsen 1980; Wieske 1963; Lin 1978.</u> Microwave hearing-clicking, buzzing, chirping, hissing, or high-pitched tones. (Tinnitus)
20,000-40,000	<u>D'Inzeo 1988.</u> Effects in physical and behavioral functions.
25,000	<u>Wolke 1996.</u> Calcium concentration in heart muscle.
40,000	<u>Chiang 1989.</u> Altered white blood cells in school children.
40,000	<u>Tattersall 2001.</u> Effects in memory and learning.
40,000-	<u>Chiang 1989.</u> Memory impairments, slowed motor skills, and
150,000	retarded learning in children.
50,000	<u>Boscolo 2001.</u> Immune function decreased.
50,000	<u>Belokrinskiy 1982.</u> Biochemical and histological changes in liver, kidney, and in brain tissue.
50,000	<u>Dumanisky 1974.</u> Impaired nervous system activity.
52,500	<u>Kewee 2001.</u> 20 minutes of exposure induced stress response.
60,000	<u>Phillips 1998.</u> DNA damage.
87,500	<u>Marinelli 2004.</u> 2-12 hours of exposure caused DNA breaks in leukemia cells, linked to tumor aggression.
100,000	<u>Belokrinskiy 1982.</u> Brain damage.
100,000	<u>Shutenko 1981.</u> Redistribution of metals in lungs, brain, heart, liver, kidney, muscles, spleen, bones, skin, and blood.
100,000	<u>Navakatikian 1994.</u> Changes in behavior.
100,000	<u>Richter 2000.</u> Increased risk of cancer with short latency.
150,000	<u>Polonga-Moraru 2004.</u> Eye damage.
