RE: REQUEST TO HELP MY CHILDREN.

Kem Paxtom Texas Attorney General P.O., Box 12548 Austin, Texas 787111-2548 Tell. (512)936,0680

Dear Attorney General,

I respectfully request your office to compel the Commissioner of the Texas Dept. of Family and Protective Services, Henry Mank Withman to compel my ex-wife to follow the doctors' directions not to expose my children unecessarily to wireless radiation and to allow for expert medical evaluations for treatment of the pain and sickness that my children feel when exposed to wireless radiation; and to compel officials of the Sharyland Ind. School District to follow the doctors directions not to seat my children directly under the light or in close proximity to sources of radiation to prevent that my children's Electrohypersensitivity becomes as in my case, life-threatening or worse.

Attached are copies of my childrens Declarations in which they attest under penalty of perjury that they want to be evaluated for treatment of the pain and sickness that my children feel when exposed to wireless radiation.

As you are aware, I am suffering of a painful, debilitating and life—threatening Electrohypersensitivity, EHS. Exposure to the same wireless radiation reaching children at school, including the radiation emitted by power lines, electric motors, and transformers, fluorescent lights, cell phones and wireless computers causes me among other things, swelling of vital organs; swelling of face, head and eyes; symptoms of heart attack and of stroke; and breathing, speech, hearing, concentration and memory problems. The swelling inside my skull has been so sewere as to displace an eye out of its socket. For the most part, I have been home bound for more than 5 years. I have been violently ill several times. I am in pain

all the time. I use oxigen during crisis. Everyday is a different nightmare.

As you are aware, my EHS has been recognized as a physical medical health condition and as a disability by federal and State agencies and by Courts. EHS is caused and aggravated by the same radiation reaching children at school and proves conclusively that the use of Microwave radiation in schools is causing children EHS and other severe harm that defeats the purpose of education.

As you are aware, my children are also suffering of EHS and their health condition is aggravating by unecessary radiation exposures at home and at school. During the first days of school, the eyes of my youngest child became more swollen. My child has been morning in pain on her sleep, and has been complaining of pain on some fingers and on the mib cage. My ex-wife persist im sleeping with my child on the same bed with her cell phone on. My child has complained of inability to breathe when there are cell phones inside my home. This child went to the hospital after my ex-wife placed a Wi-Fi transmitter underneat her bed.

As you are aware, despite of my childrens outcries of the pain and sickness that they feel when exposed to wireless radiation, the former Commissioner of the Texas Dept. Of Family and Protective Services, John Specia, and the now Commissioner of CPS, Henry Hank Withman have attempted to conceal my ex-wifes violence against my children, have attempted to conceal my childrens EHS, and have refused to compel my ex-wife to follow the doctors directions to conceal the fraud on the Courts by those in charge of educating and protecting our children to conceal that the minorowave radiation at school is causing children EHS and other severe physical harm that defeats the purpose of education. Please See Criminal Complaints to federal and State authorities available on the Case Law section of wirelesswatchblog.org

As you are aware, Officials of the Sharyland Ind. School District are reflusing to follow the doctors' directions not to seat my children directly under the light or in close proximity to sources of radiation until my children be evaluated by medical experts in EHS in retalliation for denouncing their collusion with members of the judiciary and with others in fallsification of government records, in perjury and fraud on the Courts, and in disability discrimination and retaliation to prevent expert medical evaluations for treatment of the pain and sickness that my children feel When exposed to wireless radiation; to conceal that the same radiation reaching children at school has caused harm to teachers, to fire fighters, to police officers and to other adults; to conceal that the radiation at school is causing children EHS, and brain, eye, blood, and DMA damage and other severe physical harm that defeats the purpose of education; to conceal that the radiation exposures at school are responsible for the increasing number of children suffering of learning and behavioral impairments, for the thousands of visits to the school nurse, for the thousands of student and teacher absences for health reasons, for the increasing number of children collapsing in class and committing suicide, and for the increasing number of children suffering of life-threatening and of terminal illinesses as prowen by federal and State litigation and as detailed on the Criminal Complaints to federal and State authorities, and on the Grievances to the Texas State Bar against SISD counsel. Ivan F. Perez, against Assistant Texas Attorney General, Norma Ortiz, and against my ex-wifes attorney, Abel Hinojosa, and on the Complaints of Judicial Misconduct against former 92nd District Court Judge, and now Hidalgo County Criminal District Attorney, Ricardo P. Rodriguez Jr., and against former 92nd District Court Judge, Jaime B. Tijerina and available on the Case Law section of wirelesswatchblog.org

If more evidence is necessary, I will be happy to oblige. Your prompt attention to this matter can save my childrens lives. Respectfully, Jesus Mendoza 2202 E.28th St. Mission, Texas 78574 Tel. (956)519 7140

UNSWORN DECLARATION OF

I want to be evaluated by my Dads doctor for treatment of the pain and sickness that I feel when using wireless devices and after I am exposed to wireless devices.

Some of the health effects that occur to me when using wireless devices, or after I am exposed to wireless devices include:

Abdominal pain; aggressive moods; anxiety, dry and painful eyes; excessive sweating at night; fatigue; headaches; heart palpitations; irregular heartbeat; inability to focus; irritability; light headdeness; dizziness; memory loss; nausea; nightmares; pain and disconfort in the heart area; pain in the head, neck, shoulders, and back; ringing of the ears; sensitivity to noise and light; sleep problems; skin rashes, bumps and dryness; tingling and numbness in the head, hands, and feet; and vision problems. I am trying to avoid using wireless devices as much as can.

My name is , my date of birth is and my address is , Texas , United States of America. I-declare under penalty of perjury that the facts stated in this document are true and correct.

Executed in Hidalgo County, State of Texas on 4/15/16

UNSWORM DECLARATION W

I want to be evaluated by my Dads doctor for treatment of the pain and sickness that I feel when using wireless devices and after I am exposed to wireless devices.

Some of the health effects that occur to me when I am using wireless devices or after I am exposed to wireless devices include:

Aggressive moods; fatigue; headaches; inability to focus; irritability; light-headedness and dizziness; pain in the head; I am told that I twitch at night, but I don not feel it. I am trying to avoid using wireless devices as much as I can.

my name is ______ my date of birth is _____, and my address is ______ United States of America. I declare under penalty of perjury that the facts stated in this document are true and correct.

Executed in Hidalgo County, State of Texas on 4/15/16

UNSWORN DECLARATION OF

I want to be evaluated by my Dadá doctor for treatment of the pain and sickness that I feel when using wireless devices and after I am exposed to wireless devices.

Some of the health effects that occur to me when using wireless devices or after I am exposed to wireless devices include:

Abdominal pain; aggressive moods; anxiety or depressive disorders; fatigue; headaches; heart palpitations; inability to focus; irritability; light-headedness and dizziness; memory loss; nausea; nightmares; pain and disconfort on the heart area; pain in the head, neck, shoulders and back; sensitivity to noise and light.

My name is my date of birth is and my address is Texas United States of America. I declare under penality of perjury that the facts in this document are true and correct.

Executed in Hidalgo County, State of Texas on UY-15-16
