Christopher Combs, Federal Bureau of Investigations  
Special Agent in Charge, San Antonio Field Office

Dear Mr. Combs,

This is a Criminal Complaint against the U.S. Attorney for the Southern District of Texas, Ryan K. Patrick, Texas Lt. Governor, Dan Patrick, Texas Governor, Greg Abbott, Texas Attorney General, Ken Paxton, former Texas CPS Commissioner, John J. Specia Jr., Texas CPS Commissioner, Henry Hank Whitman Jr., and against the named members of the judiciary, on the ground that evidence on the record has proven their criminal conspiracy to conceal that a massive medical malpractice and a massive Medicaid and Medicare fraud are concealing that school children are being exposed to power levels of radiation exceeding the federal safety limits and to the same microwave radiation that has caused harm to teachers, to fire fighters, to police officers and to other adults; to conceal that the microwave radiation at school is causing children Electrohypersensitivity, and brain, eye, blood, nerve, heart and DNA damage and other severe harm and disabilities that defeat the purpose of education; to conceal that the switch from wired to wireless Internet in schools was not to improve education, but for illicit enrichment; to conceal that the lowering of academic standards in the State of Texas was to conceal the harm being caused on our children's brains and bodies by exposure to the microwave radiation at school; to conceal that taking advantage of the pervasive corruption in this area, the Obama Administration started with our children an extremely dangerous and suicidal experiment bound to cause harm even to generations to come; and to conceal that under the excuse of national security, the future of our children and of our national security are being sold to the wireless lobby as detailed on the Petition to Impeach 3 Federal Judges posted on the Case Law Section of [wirelesswatchblog.org](http://wirelesswatchblog.org)

Should you need more evidence, I will be happy to oblige.

Respectfully submitted,
