

EVIDENCE ON THE RECORD HAS PROVEN FRAUD ON THE COURTS TO CONCEAL THE HARM BEING CAUSED ON CHILDREN BY THE MICROWAVE RADIATION AT SCHOOL.

I have been home bound for more than 6 years with a life-threatening Electrohypersensitivity, EHS. My EHS has been recognized as a physical-medical condition and as a disability by federal and State agencies and by Courts. EHS is caused and aggravated by the same radiation reaching children at school and proves conclusively that the microwave radiation at school is causing children harm that defeats the purpose of education.

To a lower degree, my children are also suffering of EHS, and I have been on the Courts trying to prevent that my children's EHS becomes as in my case, life threatening or worse. Federal and State litigation has proven perjury, falsification of records and fraud on the Courts to conceal that the microwave radiation at school is causing children EHS, and brain, eye, blood, nerve, heart, and DNA damage and other severe physical harm that defeats the purpose of education, to conceal that the switch from wired to wireless Internet in schools was not to improve education, but for private enrichment; to conceal that the lowering of academic standards was to conceal the harm being caused on our children's brains by the radiation at school; to conceal that a massive medical malpractice is masking the harm being caused on children by the radiation at school; and to conceal that the future of our children and of our national security are being sold to the wireless lobby as detailed on the Petition to Impeach 3 Federal Judges posted at wirelesswatchblog.org Please use this evidence to protect our children.

Sincerely, Jesus Mendoza
