

[Tachover Exhibit 2 List of Objecting Persons.pdf](#)

This document, filed with the FCC, contains the data described in the affidavit below, showing that 6,231 people were injured by wireless radiation. This document is also evidence in the following case:

USCA Case #21-1075 Document #1887680 Filed: 02/26/2021

UNITED STATES COURT OF APPEALS FOR THE DISTRICT OF COLUMBIA CIRCUIT
Children's Health Defense, Dr. Erica Elliot, Ginger Kesler, Angela Tsiang, Jonathan Mirin Petitioners v.
Federal Communications Commission and United States of America, Respondents Petition for Review
of Order by the Federal Communications Commission (FCC 21-10)

Analysis of the Data and Comments

22. Following is a summary of the data presented in **the report (Tachover Exhibit 2)**: Our list includes 15,090 objecting persons. Of those, 6,145 object to the OTARD extension on general grounds and because they and/or their child have been injured by wireless radiation. **6,231 object**

WT Docket No. 19-71; Declaration of Dafna Tachover in Support of Supplement to Written Ex Parte by Children's Health Defense

to the OTARD expansion because they and/or their child have already been injured by wireless radiation. 8354 object to the OTARD rule extension on general grounds. There were also 517 who submitted the form for registering an objection but did not affirmatively invoke either of the two available express reasons for objection. They may have had other reasons or they erred in their attempted entry. Either way it is clear they object for some reason.

Summary of Objectors: Before the Federal Communications Commission Washington, D.C. 20554 In the Matter of Updating the Commission's Rule for Over-the-Air Reception Devices (OT ARD) WT Docket No. 19-71 Declaration of Dafna Tachover in Support of Supplement to Written Ex Parte by Children's Health Defense ([Tachover OTARD Objectors Declaration.pdf](#))
