Dear Legislators,

I respectfully request your office to appoint independent special counsel to investigate and prosecute crimes being committed against parents, against children and other innocent, defenseless and unsuspecting victims by the U.S. Attorney General, Merrick Garland; by the Secretary of the U.S. Department of Education, Dr. Miguel Cardona; and by the Governor of Texas, Greg Abbott on the ground that evidence on the record details the criminal conspiracy with federal and state agents and prosecutors with members of the Judiciary to conceal:

1. That the massive and compulsory unnecessary exposures to microwaves and radiation surveillance at school are causing children Electro-Hypersensitivity, and brain, eye, blood, nerve, heart, and DNA damage and other catastrophic and irreversible harm and disabilities that defeat the purpose of education;
2. To conceal that Government-Sponsored Hate Group Bullying which includes school officials, teachers and students are provoking children and the mentally disabled to commit mass shootings and other acts of terrorism to justify under fabricated excuses of national security, the massive and harmful military-grade directed radiation surveillance in the schools and even of homes;
3. And to conceal that under fabricated excuses of national security, the future of our children and the future of our country and our national security are being sold to the trillion dollar Wireless, Big Pharma and Medical Cartels as detailed by the Emergency Request to Congress to Protect Our Children submitted to your office; by the Complaint of Criminal Conspiracy to Violate Parental Rights against Dr. Cardona, and against Judge Garland and Greg Abbott submitted to the Inspector General of the U.S. Department of Justice, Michael Horowitz; and to the Inspector General of the U.S. Department of Education, Sandra D. Bruce, attached herein and by the Statement of Physical Disability posted on the case law section of J. Mendoza at WirelessWatchBlog.org.

I am willing to testify under penalty of perjury before any tribunal to the facts that are of my personal knowledge and that are stated herein (by phone, health permitting due to the fact that I have been home-bound for more than 10 years with life-threatening Electro-Hypersensitivity as detailed on the

Statement of Physical Disabilities posted at Wirelesswatchblog.org. Id.

Sharing this information with other legislators, and your prompt response to this matter can prevent immense pain and suffering and can save the lives of millions of children and of other innocent, defenseless and unsuspecting victims.

Respectfully Submitted,

RE: COMPLAINT OF CRIMINAL CONSPIRACY TO VIOLATE PARENTAL CONSTITUTIONAL RIGHTS AGAINST THE SECRETARY OF THE U.S. DEPT. OF EDUCATION, DR, MIGUEL CARDONA AND AGAINST THE U.S. ATTORNEY GENERAL, MERRICK GARLAND PURSUANT TO 18 U.S.C. 241

MICHAEL HOROWITZ,
Inspector General for the U.S. Dept. of Justice

Dear Inspector Generals,

This is a complaint of a criminal conspiracy against the Secretary of the U.S. Dept. of Education, Dr. Miguel Cardona, against the U.S. Attorney General, Merrick Garland, and against the Governor of Texas, Greg Abbott to violate parental constitutional rights, including the right to rear children; of the right of assembly and of the 1st Amendment right to denounce criminal activity against the children; and of the right to be free from retaliation for exercising this right pursuant to 18 U.S.C. 241.

18 U.S.C. 241 states in part:

“If two or more persons conspire to injure, oppress, threaten, or intimidate any person...in the free exercise or enjoyment of any right or privilege secured... by the constitution or law of the United States or because of his having so exercised the same;...”

“They shall be fined under this title or imprisoned not more than 10 years, or both; and if that results from the acts committed and violation of this section or if such act includes...an attempt to kill shall be fined under this title or imprisoned for any term of years or for life or may be sentenced to death.”

The evidence on the record of federal and state courts details the criminal conspiracy of Dr. Cardona, Judge Garland and Greg Abbott and others to injure, oppress, threaten and intimidate parents and to deprive them of their right to rear children, of the right of assembly and of the first amendment right to denounce criminal activity against the children and of the right to be free from retaliation from exercising their constitutional protected rights.

Evidence on the public record details the criminal conspiracy of Dr. Cardona and Judge Garland with others to prosecute as domestic terrorists parents that denounce criminal activity against the children at public school board meetings. The FBI Set Pace to Track Threats against School Boards, Teachers, the New York Times, Nov 16th, 2021; NSBA Wrote Parents – As –Terrorists Letters at behest of Education Secretary, Miguel Cardona, Email Show, Washington Examiner, Jan. 11, 2022; Email Suggests Education Secretary, Miguel Cardona Asked for School Board 'Domestic Terror' Letter, New York Post Jan 11, 2022.

For the most part, I have been home-bound for more than ten years with a life-threatening Electro-Hypersensitivity which is caused and aggravated by exposure to the same microwaves and radiation

surveillance reaching our children at school. See the Statement of Physical Disability posted on the case law section of J. Mendoza at WirelessWatchBlog.org.

For years and until Judge Garland issued a memo to treat parents as terrorists, I have been denouncing in School Board Meetings and by phone the collusion of the Governor of Texas, Greg Abbott, with the U.S. Dept. of Education and with federal and State agencies and prosecutors, and with members of the Judiciary on the fraud on the court to conceal:

1. That the unnecessary and compulsory exposure to microwaves and radiation surveillance at school are causing children Electro-hypersensitivity and brain, eye, blood, nerve, heart and DNA damage and other catastrophic and irreversible harm and disabilities that defeats the purpose of education;
2. To conceal that Government-Sponsored Hate Group Bullying which includes the school officials, teachers and students are provoking children and the mentally disabled to commit mass shootings and other acts of terrorism to justify the harmful and massive military grade directed radiation surveillance of schools and even of homes;
3. To conceal that a massive medical malpractice and a massive Medicare and Medicaid fraud are masking the harm and disability caused on children by the microwaves and radiation surveillance at school;

And to conceal that under fabricated excuses of national security, the future of our children and the future of our country and of our national security are being sold to the trillion dollar Wireless, Big Pharma and Medical Cartels as detailed by The Emergency Request to Congress to Protect Our Children and posted on the case law section of J. Mendoza at WirelessWatchBlog.org.

For many years the U.S. Dept of Education and the U.S. Attorney General have been fully aware of the fact that Government-Sponsored Hate Group Bullying which includes the school officials, teachers, and students have been encouraging, assisting and provoking children and the mentally disabled to commit mass shootings with the complicity of federal, state and local authorities. Safe School Initiative, an Interim Report of the Prevention of Targeted Violence in Schools (2000) prepared by the U.S. Secret Service National Threat Assessment Center in collaboration with the U.S. Dept of Education and with Support from the National Institute of Justice, Pg 7; The Final Report and Findings of the Safe School Initiative 2002 Pgs 16, 21, 24, 26, 32, 36; The Final Report and Findings of the Safe School Initiative (2004) Pgs 21, 27; Enhancing School Safety Using a Threat Assessment Model (2018) prepared by the U.S. Dept. of Homeland Security, the U.S. Secret Service and by the National Threat Assessment Center, Pgs 12, 18, 20; and the Statement of former Secret Service Agent, Marisa Randazzo, to the U.S. Attorney General, Jeff Sessions, and to the Secretary of Education, Bettsie DeVos (2018).

For years, Dr Cardona, Judge Garland and Greg Abbott have been fully aware of the conspiracy between federal, state and local authorities with members of the Judiciary on the farcical and fraudulent investigations, persecutions and trials to conceal that Government-Sponsored Hate Group Bullying is provoking these acts of domestic terrorism to justify under the fabricated excuses of national security, the massive and harmful directed radiation surveillance and even in homes, and to benefit the trillion dollar Wireless Cartels. Relevant and Material Evidence to the Patrick Crusious Mass Shooting Case posted on the case law section of J. Mendoza at WirelessWatchBlog.org.

SPECIFIC, CONCRETE AND UNDISPUTED MEDICAL, SCIENTIFIC AND LEGAL EVIDENCE ON THE RECORD HAS PROVEN THE FRAUD ON THE COURTS TO CONCEAL THE HARM CAUSED ON OUR CHILDREN BY THE MICROWAVES AND RADIATION SURVEILLANCE AT SCHOOL AND BY GOVERNMENT-SPONSORED HATE GROUP BULLYING. See: The Emergency Request to Congress to Protect Our Children posted on the case law section of J. Mendoza at WirelessWatchBlog.org.

For the most part, I have been home-bound for more than ten years with life-threatening Electrohypersensitivity EHS. Please see doctor's letter and pictures of the harm caused by exposure to radiation. Appxs. 1, 2a, 2b, 2c, to the Statement of Physical Disabilities posted on the case law section of J. Mendoza at WirelessWatchBlog.org.

Exposure to the same radiation reaching children at school, including the radiation emitted by power lines, electric motors and transformers, fluorescent lights, cellphones and cell towers, Wi-Fi, microwave/wireless computers and transmitters, video display screens, radar, etc, causes me among other things, swelling of vital organs; swelling of face, head and eyes; symptoms of heart attack and stroke; rashes and loss of skin; flu and allergy symptoms; joint and muscle pain; extreme weakness and fatigue; painful cramps; internal bleeding; and stomach, sleeping, vision, hearing, speech, memory, concentration and breathing problems. Please see the medical, scientific and legal evidence of my EHS attached as appendices 1-10; 14a, 14b. Id.

I cannot be inside my home but for a few minutes at a time, and I stay in a metal room and in other places in the back yard. Even the small amounts of radiation reaching my place aggravate my condition. I have been violently ill several times. At times, I struggle to breathe even with oxygen. I am sleep-deprived and in pain all the time. Every day it is a different torture. This is a horrible way to die. Id.

Doctors with expertise in Environmental Medicine diagnosed my EHS and my EHS has been recognized by federal and State agencies, and by courts as a physical medical condition and disability. Id; Appxs. 27-60, Id.

The cellphones and other wireless devices used by children emit power levels of microwave radiation above the federal safety limits which cause severe harm even to healthy and strong adults, including the symptoms and signs of EHS. See Conclusive Evidence on the Record of Harm in Children by Microwave Radiation in Schools. Appxs. 11, 12. See also Open Letter to the Judiciary and Read the Fine Print. Appxs 11, 15, 25, 26, 36, Id.

Thousands of peer-reviewed scientific studies document the harm caused by exposure to even low levels of radiation, including the symptoms of EHS. Appxs. 9-15. See also Magda Havas, San Francisco, EarthLink Wi-Fi Network (2007); The Bioinitiative Report 2007, 2012, 2014, 2020.

It is estimated that without knowing it, millions are suffering from EHS. Children, teachers, doctors, attorneys, and even a judge and a general director of the World Health Organization are suffering from EHS. See Summary of EHS by Dr. Erica Mallery-Blythe, Appx 5; see

Appxs 16-20. See also the testimony of a doctor to the Massachusetts Legislature detailing how her children's EHS is the tip of the iceberg of the millions of children that without knowing it are suffering from EHS. Appxs 21-24, 27, Id.

The symptoms and signs of EHS can be confounded with symptoms and signs of most illnesses, including ADHD, PTSD, autism, dyslexia, heart attack and stroke, multiple sclerosis, fibromyalgia, hypothyroidism, Parkinson's, Alzheimer's, rheumatoid arthritis, chronic fatigue syndrome, diabetes, and major depression and suicidal tendencies. See Electrohypersensitivity-EHS Awareness, Appxs 14-a, 14-b. See the harm caused by Microwaves on parents and on the unborn, Appx 26, Id.

The American Academy of Environmental Medicine has trained doctors to recognize the symptoms that disappear by reducing exposure to radiation. Letter of AAEM to the Los Angeles Unified School District dated March 19, 2013, appxs 39, 40, Id.

Despite that cellphones and other wireless devices emit power levels of radiation that cause harm even to adults; despite of the thousands of studies of the harm caused by radiation, including the symptoms of EHS; despite that EHS is recognized as a physical medical condition; and despite that EHS is reaching pandemic proportions most doctors are in the dark or in denial and continue misdiagnosing and mistreating with harmful drugs and invasive procedures symptoms and signs that disappear with reducing exposure to radiation. Appxs 1-60, Id.

For many years, U.S. Dept of Education, the FCC, the FDA and the CDC have concealed the harm caused on our children by exposure to radiation.

On August 13, 2021, and in response to more than 11,000 pages of medical, scientific and legal evidence of the widespread harm caused by Microwave Radiation, including EHS, the U.S. Court of Appeals for the D.C. Circuit rejected the FDA allegations that wireless-microwave-radiation is harmless and ordered the FCC to explain why they ignore this evidence of harm, and especially on children. Children's Health Defense, et al v. the Federal Communication Commission, Case No 20-1025.

In limiting the FCC's ruling, the Court described the catastrophic harm caused on the EHS by the massive deployment of wireless-microwave technologies citing in part: "That the Telecommunications Act should not be interpreted to injure an identifiable segment of the population, exiled them from their homes and their city, leave them no place where they can survive and allowed them no remedy under City, State or Federal law or constitutions." Page 28. Id.

Dafna Tachover, an Attorney suffering from EHS and who for many years has been exposing on her website the harm caused on children by radiation, was on the team of attorneys in this landmark case. "Historic Win": CHD Win Case Against FCC on Safety Guidelines for 5-G and Wireless. Children's Health Defense Team. 8/13/2021. See: WeAreTheEvidence.org. Appxs 13a, 13b, 13c, Id.

“Attorney Dafna Tachover, CHD's Director of 5-G and Wireless Harm's Project who initiated and led the case for CHD, said:”

“The FCC will finally have to recognize the immense suffering by the millions of people who have already been harmed by the FCC's and FDA's unprecedented failure to protect public health. Finally the truth is out. I am hopeful that following this decision, the FCC will do the right thing and halt any further deployment of 5-G.” Appx 13b, Id.

Please provide a copy of this criminal complaint to the U.S. House and Senate Education, Judiciary and Intelligence Committees.

I am willing to testify before any tribunal under penalty of perjury as to the facts that are of my personal knowledge and stated herein by phone, health-permitting.

Your prompt response to this criminal complaint can save immense pain and suffering and the lives of millions of children and of other innocent, defenseless and unsuspecting victims.

Respectfully,
Jesus Mendoza
