

RE: STATEMENT OF PHYSICAL DISABILITIES.

"Being so severely electro-hypersensitive is like being a hermit in an infernal hell." San Fco. EarthLink Wi-Fi Network (2007) pg 25.

For the most part, I have been Homebound for more than 7 years with life-threatening Electrohypersensitivity EHS, and Chemical Hypersensitivity CHS, immunological/neurological physical health conditions and disabilities. See Exhibits A,B,C,D, and E attached herein.

Exposure to the same radiation reaching children at school, including the radiation emitted by power lines, electric transformers and motors, fluorescent lights, Wi Fi transmitters, wireless computers, cell phones and cell towers and radar, causes me among other things, pain; swelling of vital organs and swelling of face, head and eyes; symptoms of Heart attack and of stroke; rashes and loss of skin; flu and allergy symptoms; joint and muscle pain; extreme weakness and fatigue; tremors and involuntary movements; internal bleeding; and stomach, sleeping, vision, hearing, memory, concentration, speech and breathing problems. Exposure to chemical odors found inside schools and in other places causes me the same health effects. The delayed effects of exposure to radiation and chemicals have been catastrophic. I have a medical history of life-threatening swelling of Heart; my rashes and loss of skin have been life-threatening; and the swelling inside my skull has been so severe as to push an eye out of its socket. See Exhibits D1 and D2, attached herein.

I cannot be inside my home, but for a few minutes at a time and I stay in a small metal room and in other places in the backyard. Even the small amounts of radiation reaching my place aggravate my health condition. To ameliorate the symptoms of my EHS and CHS, I use shielding of eyes and of the thoracic box most of the time, and at times, I use shielding of head, face and hands. I have been violently ill several times. At times, I struggle to breathe even with oxygen. I collapsed several times. I am sleep deprived and in pain all the time. This is a horrible way to die.

My EHS and CHS have been recognized by federal and State agencies and by Courts as physical medical conditions and as disabilities. Electrohyper-sensitivity EHS, proves conclusively that the wireless/microwave radiation at school is causing children harm and disabilities that defeat the purpose of education. See Exhibits A to I attached herein.

EHS is reaching epidemic proportions. Children, teachers, doctors, attorneys, a Judge, and even a former Director of the World Health Organization are suffering from EHS. See weartheevidence.org

Despite that EHS is reaching epidemic proportions, most doctors are in the dark or in denial, and continue misdiagnosing, mismeasuring and mistreating the harm being caused on children by the wireless/microwave radiation at school. EHS proves conclusively that most doctors are committing massive medical malpractice and massive Medicaid and Medicare fraud as detailed on the Complaint of Criminal Violation of Children and of the Disabled Rights submitted to the U.S. Attorney General and posted on Sept. 2019 on the Case Law Section of wirelesswatchblog.org

Respectfully submitted,

Jesus Mendoza
2202 E. 28th St. Mission, Texas 78574 Tel. (956)583-7012.

JOHNSON MEDICAL ASSOCIATES

Comprehensive Medicine | Traditional | Holistic | Alternative

October 28, 2016

RE: Jesus Mendoza

To Whom It May Concern:

The above patient has been under my care for many years. He is currently suffering from severe hypersensitivities to chemical fumes, odors, and a life-threatening electro-hypersensitivity. .

It is medically necessary that he be allowed to appear by phone for court. Please allow him to have phone conferencing as he is unable to tolerate the building. If this patient appears in person in court, his speech, concentration, memory, and hearing will be severely impaired. If he is confined inside a building or in other places where there is radiation, he could suffer irreversible harm including death.

Exposure to sources of radiation emitted by power lines, electric transformers and motors, computers, fluorescent lights, and wireless devices, causes Mr. Mendoza severe pain, swelling of vital organs, breathing difficulties; as well as speech, concentration, memory, and hearing deficits. Also, exposure to some chemicals, fumes, and odors can cause the same health effects as listed.

If you have any questions regarding this please, please feel free to contact my office.

Sincerely Yours,

Alfred R. Johnson, D.O.

SOCIAL SECURITY ADMINISTRATION
Office of Hearings and Appeals

DECISION

IN THE CASE OF

Jesus Méndez
(Claimant)

CLAIM FOR

Period of Disability,
Disability Insurance Benefits, and
Supplemental Security Income

FINDINGS

After careful consideration of the entire record, the Administrative Law Judge makes the following findings:

2. The claimant has not engaged in substantial gainful activity since August 31, 2000, although he continues to engage in work activity.
3. The claimant's electromagnetic sensitivity is a severe impairment, based upon the requirements in the Regulations (20 CFR §§ 404.1521 and 416.921).

William F. Nail, Jr.
Administrative Law Judge

OCT 23 2003

Decision

SOCIAL SECURITY ADMINISTRATION
Office of Hearings Operations

DECISION

IN THE CASE OF

Jesus M Mendoza
(Claimant)

CLAIM FOR

Supplemental Security Income

The claimant's ability to perform work at all exertional levels has been compromised by nonexertional limitations.

In his pre-hearing filings, the claimant alleged that he has a sensitivity to electro-magnetic fields. 3E/2. He asserted that he has life-threatening "Multiple Chemical Sensitivity" (MCS) and "Electrohyper-sensitivity" (CHS). 14E/1; 23E/1. He alleged that exposure to radiation emitted by power lines, electric transformers and motors, fluorescent lights, video display screens, cell phones, wireless computers, aircraft and vehicle radar, dirty electricity etc, causes various symptoms, including: swelling of vital organs, swelling of his face, head and eyes, symptoms of heart attack and of stroke, flu and allergy symptoms, inability to sleep, rashes and loss of skin, and breathing, speech, vision, memory and concentration problems. 14E/1; 2F. He asserted that exposure to chemicals and odors found inside buildings and vehicles have similar effects. 14E/1. He claimed that he has passed out from pain and the inability to breathe on several occasions. 23E/3. He asserted that he cannot drive. 14E/1. The claimant also asserted that he cannot walk farther than the next-door neighbors' house. 14E/1. He alleged that he cannot stay in his home for more than a few minutes, so he spends his days in his yard. 14E/1. He claimed that he wears protective gear on his "thoracic box" and head.

FINDINGS OF FACT AND CONCLUSIONS OF LAW

After careful consideration of the entire record, the undersigned makes the following findings:

1. The claimant has not engaged in substantial gainful activity since October 2, 2014, the application date (20 CFR 416.971 *et seq.*).

The claimant worked after the application date but this work activity did not rise to the level of substantial gainful activity. The claimant's earnings records show \$957.00 earned in 2015. This is below substantial gainful activity levels. 21D.

2. The claimant has the following severe impairment: immunodeficiency (20 CFR 416.920(c)).

The above medically determinable impairments significantly limit the ability to perform basic work activities as required by SSR 85-28.

The pictures show the facial swelling caused by exposure to the radiation emitted by the speaker of a land-line phone after a 2-hour phone hearing in federal Court in which a world-class expert in radiation exposures at school, Dr. Samuel Milham testified that my children inherited my Electrohypersensitivity; that the swelling, black spots and bloody lines on my children's eyes were caused by the radiation at school and that my children needed to be transferred to another school to prevent further aggravation of their health condition. Exhibit "A" to Docket 34, Mendoza et al, v. Sharyland ISD et al, Case No. 7:11-cv-29 (S.D. TX. 2011).

At no time during the litigation SUSD officials disputed the evidence of the legitimacy of my Electrohypersensitivity, or the evidence proving their falsification of government records, perjury and fraud on the Courts to conceal the harm being caused on children by the radiation at school. Docket 101, Id.

Appendix 1. Electromagnetic hypersensitivity (EHS): excerpts from a summary by Dr Erica Mallery-Blythe⁸⁰

EHS is characterized by an awareness of/adverse response to even extremely weak electromagnetic fields (far below current safety levels) of varying frequencies, intensities and waveforms. It has been demonstrated to be an “environmentally inducible bona-fide neurological syndrome”. It is a primary physical issue, not a psychological one. Conscious perception can vary with age, gender and physiology. Effects can occur even in those not experiencing symptoms at a cellular level, and it is possible that everybody could potentially develop EHS as every cell in our body is dependent on electrical signals.

Common symptoms: Headaches, dizziness, sleep disturbance, sensory up-regulation, dermatological issues, palpitations, visual/auditory disturbances, membrane sensitivity, muscle twitching, hyperactivity/fatigue, memory/concentration disturbance and anxiety (psychiatric symptoms such as anxiety and depression are likely to be secondary to the physiological effects rather than a primary cause).

Exposure-induced: EHS is a cumulative, exposure-triggered condition, and exposures are rising rapidly. If EHS is unmanaged and there is general deterioration, there will be reaction to an increasingly broad range of frequencies at increasingly low intensities. The number of devices triggering symptoms will increase, symptomatic distances will decrease and irreversibility will become more likely.

The number of people with EHS symptoms who have not yet linked them to exposure is likely to be far higher than the estimated 4–10% of the population reported by several countries. Given the ubiquity of exposure in all environments, it can be difficult for people to notice the association. Extrapolated figures suggest that 50% of the population may be affected by 2017. With enough exposure, it is possible that EHS could manifest in all members of the population. Many children are affected but undiagnosed. They are more likely to develop EHS since their exposure is higher and their systems are developing.

Socioeconomic impact of EHS and human rights: EHS is already affecting a very large number of people, many of whom are unable to work due to their condition, resulting in lost revenue. An extra burden is placed on healthcare agency resources due to inappropriate diagnosis and management of common symptoms. In more severe cases, individuals are forced to live in extreme isolation, poverty and poor health, with some living in cars and tents, which can also prove threatening to health and life, especially in extreme temperatures. They cannot access basic, life-sustaining public amenities, such as grocery stores and healthcare facilities, which constitutes a clear breach of their human rights.

“I have been contacted on a daily basis by individuals with EHS, medical practitioners, school and parent groups, legal representatives, the media and political bodies looking for medical advice on EHS or the health effects of EMF in general. This is an increasingly demanding task and therefore I have founded a medical doctors’ organisation entitled PHIRE (Physicians’ Health Initiative for Radiation and Environment) in order to increase the available support for those requesting it” (<http://phiremedical.org/>).

Parents Alert I

SPECIFIC, CONCRETE, AND UNDISPUTED EVIDENCE ON THE RECORD HAS PROVEN THAT A MASSIVE MEDICAL MALPRACTICE AND A MASSIVE MEDICAID AND MEDICARE FRAUD ARE IN USE TO CONCEAL THAT THE WIRELESS/MICROWAVE RADIATION AT SCHOOL IS CAUSING CHILDREN HARM THAT DEFEATS THE PURPOSE OF EDUCATION.

- i). It is a fact that exposure to power leveles of radiation above the federal safety limits causes severe harm even to healthy and strong adults, Pg 6 of Section I of the Bioinitative Report (2007);
- ii). It is a fact that cell phones and other wireless devices used by children at school emit power leveles of wireless/microwave radiation above the federal safety limits, Sam Roe, Popular cellphones tested for radiofrequency radiation, the McAllen Monitor Aug. 25, 2019 at 11A;
- iii). It is a fact that chronic exposure to power leveles of wireless/microwave radiation below the federal safety limits can cause children Electrohypersensitivity EHS, and other catastrophic harm and disabilities that defeat the purpose of education, Section I of the Bioinitative Reports 2007, 2012, the Paul Dart Report 2013.

(See weartheevidence.org)

- iv). It is a fact that despite that EHS is reaching epidemic proportions, most doctors are in the dark or in denial, and continue misdiagnosing misedicating and mistreatening the harm being caused on children by the wireless/microwave radiation at school, See weartheevidence.org
- v). And it is a fact that those in charge of educating and protecting our children manipulated more than 25 Judges to conceal that under the excuse of national security, the future of our children, the future of our country, and the future of our national security are being sold to the wireless lobby as detailed by the Petition to Impeach 3 Federal Judges and by other Criminal Complaints submitted to federal authorities and posted on the Case Law Section of wirelesswatchblog.org

SHARING THIS INFORMATION CAN SAVE CHILDREN'S LIVES.

Respectfully, Jesus Mendoza Tel. (956)583-7012

OPEN LETTER TO PARENTS, SCHOOL OFFICIALS, DOCTORS, ATTORNEYS, LEGISLATORS AND TO FEDERAL AND STATE LAW ENFORCEMENT AND INVESTIGATIVE AGENCIES.

PARENTS' ALERT II

FEDERAL AND STATE LITIGATION HAS PROVEN THAT A MASSIVE MEDICAL MALPRACTICE AND A MASSIVE MEDICAID AND MEDICARE FRAUD ARE IN USE TO CONCEAL THAT SCHOOL CHILDREN ARE BEING EXPOSED TO POWER LEVELS OF RADIATION EXCEEDING THE FEDERAL SAFETY LIMITS AND TO THE SAME MICROWAVE RADIATION THAT HAS CAUSED HARM TO TEACHERS, TO FIREFIGHTERS, TO POLICE OFFICERS AND TO OTHER ADULTS; AND TO CONCEAL THAT THE MICROWAVE RADIATION AT SCHOOL IS CAUSING CHILDREN ELECTRO-HYPERSENSITIVITY, AND BRAIN, EYE, BLOOD, NERVE, HEART AND DNA DAMAGE AND OTHER SEVERE HARM AND DISABILITIES THAT DEFEAT THE PURPOSE OF EDUCATION AS EXPLAINED ON THE PETITION TO IMPEACH 3 FEDERAL JUDGES SUBMITTED TO THE U.S. HOUSE OF REPRESENTATIVES, TO THE U.S. ATTORNEY GENERAL, AND TO THE U.S. DEPT. OF EDUCATION AND POSTED ON THE CASE LAW SECTION OF wirelesswatchblog.org

The wireless devices used inside schools are exposing children to more than 250,000 uW/m² of microwave radiation. Below, some of the scientific studies on the record proving the harm being caused on children by the microwave radiation at school.

uW/m²

20	<u>Altpeter 1995, 1997</u> - Sleep disorders, abnormal blood pressure, weakness, fatigue, limb pain, digestive problems, fewer school children promoted.
30-200	<u>Heinrich 2010</u> - Headaches, irritation and concentration problems in school children.
30-500	<u>Thomas 2010</u> - Short term exposures caused sleep problems in school children.
50	<u>Mohler 2010</u> - Chronic exposure caused sleep problems.
50-400	<u>Thomas 2008</u> - Headaches and concentration problems in adults.
60-100	<u>Buchner 2012</u> - Long term effects on the immune system.
100	<u>Kolbun 1987</u> - Human sensation.
100-500	<u>Hutter 2006</u> - Headaches, concentration and sleeping problems.
500-1,100	<u>Navarro 2003</u> - Fatigue, headaches, sleeping problems.
150-2,100	<u>Bughner 2009</u> - Changes in mental state, prevented refined word choices, calmness, stupefied, zoned-out.
165-4,400	<u>Oberfeld 2004</u> - Fatigue, depressive tendency, sleeping disorders, concentration problems, cardio-vascular problems, significant increase in breast cancer and brain tumors.
300-500	<u>Rassoul 2000</u> - Headaches, memory changes, depressive symptoms, sleeping problems.
500-1,000	<u>Khurana 2010</u> - Increased neuro - cardio symptoms, and increased cancer.
500-1,000	<u>Kundi 2009</u> - Headaches, fatigue, concentration and sleeping problems.
638	<u>Papageorgio 2011</u> - Decreased cognitive function.
1,300	<u>Zamborn 2003</u> - Decreased cognition and well being.
1,600	<u>Kolodinski 2006</u> - Problems of memory, attention and motor function of children.
2,100	<u>Ridervold 2008</u> - Headaches in only 45 minutes of exposure to cell phone radiation.
3,800	<u>Schwartz 1990</u> - Effect on heart function.

uW/m2

3,000	<u>Wolf 2004</u> - Ten times risk of cancer with short latency.
2,000-80,000	<u>Hoking 1996</u> - Two-fold increase in leukemia in children.
2,000-80,000	<u>Hoking 2000</u> - Decreased survival in children with leukemia.
5,000	<u>Alberts 1997, Oscar and Hawkin 1997, Neilly and Lin 1986</u> - Breakdown of the Brain-Blood Barrier allowing the entry of toxics into the nervous system.
5,000-10,000	<u>Avendano 2012</u> - 4-hour exposure to the microwaves emitted by a Wi-Fi laptop caused DNA damage to human sperm.
8,000-100,000	<u>Akoev 2002</u> - Changes in behavior.
10,000	<u>Elititi 2007</u> - 50 minutes of exposure caused loss of well being to electro-sensitive patients.
10,000	<u>Persson 1997</u> - Toxic leakage of the Blood-Brain Barrier.
10,000	<u>Simonenko 1998</u> - Headaches, dizziness, irritability, fatigue, weakness, insomnia, chest pain, stomach and breathing problems.
10,000	<u>Novoselova 1999</u> - Affected functions of the immune system.
13,000-57,000	<u>Dolk 1997</u> - Leukemia, skin melanoma, bladder cancer,
20,000	<u>Mann 1996</u> - Effects in immune system.
20,000	<u>Frey 1963, 1969, 1971, 1973, 1988; Justenson 1979; Olsen 1980; Wieske 1963; Ian 1978</u> - Microwave hearing-licking, buzzing, chirping, hissing, or high-pitched tones. (Tinnitus)
20,000-40,000	<u>D'Inzeo 1998</u> - Effects in physical and behavioral functions.
25,000	<u>Wolke 1996</u> - Calcium concentration in heart muscle.
40,000	<u>Chiang 1989</u> - Altered white blood cells in school children.
40,000	<u>Tattersall 2001</u> - Effects in memory and learning.
40,000 to	<u>Chiang 1989</u> - Memory impairments, slowed motor skills and retarded learning
150,000	<u>In children.</u>
50,000	<u>Boscolo 2001</u> - Immune function decreased,
50,000	<u>Belokrinskiy 1982</u> - Biochemical and histological changes in liver, kidney, and in brain tissue.
50,000	<u>Dumanisky 1974</u> - Impaired nervous system activity.
52,500	<u>Kewee 2001</u> - 20 minutes of exposure induced stress response.
60,000	<u>Phillips 1998</u> - DNA damage.
87,500	<u>Marinelli 2004</u> - 2-12 hours of exposure caused DNA damage, linked to tumor aggression.
100,000	<u>Belokrinskiy 1982</u> - Brain damage.
100,000	<u>Shutenko 1981</u> - Redistribution of metals in brain, lungs, heart, liver, kidney, spleen, bones, blood, skin and muscles.
100,000	<u>Navakatikian 1994</u> - Changes in behavior.
100,000	<u>Richter 2000</u> - Increased risk of cancer with short latency.
150,000	<u>Polonga-Moraru 2004</u> - Eye damage.

SOURCES: Section I of the Bioinitiative Reports 2007, 2012; Magda Havas PhD., San Fco. EarthLink Wi-Fi Network 2007; Powerwatch.ork.uk

The San Fco. EarthLink Wi-Fi Network 2007 describes with some of the studies cited above how the symptoms of Electrohypersensitivity and of the harm being caused on children by the radiation at school are the same. See also wearetheevidence.org

Please share this information as much as you can. Our children cannot defend themselves from these criminal aggressions. Respectfully,

Jesus Mendoza Tel. (956)583-7012

16

OPEN LETTER TO THE JUDICIARY.

Dear Judge, scientific evidence has proven that unlimited use of wireless devices is causing children Electrohypersensitivity EHS, brain damage, and other severe physical harm. Please consider the following facts when adjudicating cases of child misbehavior, since orders limiting the use of wireless devices can protect our children and can prevent recidivism.

- A) Use of cell phones is exposing children to microwave and ULF/ELF radiation at power levels exceeding the federal safety guidelines which cause harm even to adults. (1)
- B) Exposure to this radiation has caused harm to teachers, to fire fighters, to police officers and to other adults. (2)
- C) Use of wireless devices is exposing children to more than 250,000 uW/m² of microwave radiation, and exposure to less than 150,000 uW/m² of microwave radiation can cause EHS, and brain, eye, blood, nerve, heart, and DNA damage even to adults. (3)
- D) Chronic exposure to the radiation emitted by wireless devices increases by 500% the children's risk of cancer and increases by 450% the risk of dying to children suffering of life-threatening illnesses. (4)
- E) Addiction to wireless devices increases by more than 150% the risk of suicide and can cause the same problems caused by the use of drugs. (5)
- F) In my family, several children were born with brain damage. The common thing in these children is that their mothers were users of cell phones while pregnant. The number of children with brain damage has increased from 1 in 10,000 to 1 in 50, and experts warn that the use of microwave devices by children and pregnant women is bound to leave no child without brain damage, and that by the time parents become aware of this danger, we are bound to lose many children. (6)

Consideration of these facts during your efforts to protect our children is highly appreciated. If more evidence is necessary, I will be happy to oblige.

Respectfully,

José Mendoza

Tel. (956) 583-7012

THE EVIDENCE

- 1) On Oct. 2015, U.S. District Judge Edward Chen corroborated the fact that cell phones emit power levels of microwave radiation exceeding the federal safety guidelines. Cell phones emit more than 975 mG, L. Hardell and Carlberg, Mobile Phones, Cordless Phones and the Risk of Brain Cancer, Intl. Journal of Oncology 35 n 1 (July 2009). These levels cause harm even to adults, The Bioinitiative Report (2007) pgs 6-9.
 - 2) Petition to Impeach 3 Federal Judges pgs 16,17 posted on the section of Case Law and J. Mendoza at wirelesswatchblog.org
 - 3. Petition pgs 16-19, Id. See Open Letter to Parents and School Officials.*
 - 4) Section II of the Bioinitiative Report (2007, 2012)..
 - 5) Carleigh Cooper, Cell Phones and the Dark Deception (2009) pg 97; Lyn McLean, The Force (2009) pgs 55, 66, 67; Katie Singer, An Electronic Silent Spring (2014) pgs 106, 108, 124, 184.

EMERGENCY RESPONDERS ALERT I.

THE ROOT CAUSE OF SUICIDE ON POLICE OFFICERS.

The same wireless/microwave radiation reaching police officers at work has caused Electrohypersensitivity and other catastrophic and irreversible harm and disabilities to children, teachers, doctors, attorneys, scientists, police officers, fire fighters and even to a Director of the World Health Organization. See wearetheevidence.org

Exposure to power levels of radiation above the federal safety limits causes harm even to healthy and strong adults. (1)

The cell phones and other wireless devices used by police officers emit power levels of radiation above the federal safety limits. (2)

Out of 55 police officers that routinely placed wireless devices on their laps, 53 suffered testicular cancer and some had to be castrated. (3)

Police officers are exposed at work to more than 250,000 uW/m² (micro-Watts per square meter) of microwave radiation and exposure to less than 150,000 uW/m² can cause Electrohypersensitivity, and brain, eye, blood, nerve, heart and DNA damage even to the children of police officers. (4)

Exposure to less than 10,000 uW/m² of microwave radiation breaks the brain blood-barrier allowing toxics on the blood stream, including pain killers, vaccines and other medication to enter and damage the brain which in turn can cause anxiety, depression, aggressiveness and impairment of judgment during emergencies. (5)

Microwave radiation has caused fire fighters symptoms of brain damage, including confusion, inability to focus and "brain fog" and depression. (6)

Chronic exposure to radiation increases by more than 150% the risk of suicide. (7)

Chronic exposure to radiation increases by more than 500% the risk of cancer. (8)

Despite of the thousands of peer-reviewed scientific studies documenting the harm caused by exposure to wireless/microwave radiation, and despite that the harm caused by radiation is reaching pandemic levels, most doctors are in the dark or in denial and continue misdiagnosing and mistreating with harmful drugs and harmful and unnecessary invasive procedures the harm being caused by exposure to wireless/microwave radiation. (9).

Officers with suicidal tendencies keep them to themselves for fear of losing their gun, their job and even their license. To make things worse, nobody is protecting our police officers from the harm caused by exposures to radiation at work. (10)

PRACTICAL MEASURES TO PREVENT SUICIDE AND OTHER HARM TO EMERGENCY RESPONDERS INCLUDE:

- A) Using the same mitigating technologies used by the Secret Service and by the Border Patrol;
- B) Measuring officers' exposures to radiation at work and at home;
- C) Training officers to avoid unnecessary exposures to radiation at work and at home; and
- D) Periodic examinations by doctors with expertise in Electrohyper-sensitivity and in the harm caused by exposure to radiation.

SHARING THIS INFORMATION WITH EMERGENCY RESPONDERS AND WITH LOCAL, STATE AND FEDERAL LEGISLATORS AND JUDGES CAN SAVE LIVES.

If more information is needed, I will be happy to oblige.

Respectfully,

 2 Aug., 2020.

Jesus Mendoza

2202 E. 28th St.. Mission, Texas 78574 Tel. (956) 583-7012.

(The medical records, pictures and other information attached herein are non-confidential and can be shared with interested parties).

THE EVIDENCE OF HARM.

1. "These exposures can create tissue heating that is well known to be harmful in even very short-term doses." pg 6 of Section I of the Bioinitiative Report (2007).
2. On Oct. of 2015, San Fco. US District Judge, Edward Chen corroborated the fact that cell phones emit power levels of microwave above the federal safety limits.
Cell phones emit power levels of microwave radiation more than 5 times the federal safety limits. Popular cell phones tested for radiofrequency radiation, the McAllen Monitor Aug. 25, 2019 at 11A.

Cell phones also emit power levels of ULF/ELF radiation above the federal safety limits.

The federal safety limits for ELF radiation is 904 mG, and the occupational exposure levels range from 2 to 10 mG. Section I of the Bioinitiative Report (2007) pgs 8,11.

Cell phones can emit more than 975 mG of ULF/ELF radiation.

L. Hardell and Carlberg, Mobile Phones, Cordless Phones and the Risk of Brain Cancer, Intl. Journal of Oncology 35 m 1, July 2009.

Despite that cell phones and wireless computers emit power levels of radiation above the federal safety limits, both, the FCC and the FDA have refused to protect the people from these harmful exposures. FCC Cell Phone Safety Limit Enforcement Probed, Electromagnetic Health Blog 10.01.2017; Health Policy Groups Question FCC Allowing Manufacturer Violation of Its Cell Phone Microwave Radiation Exposure Limit. electromagnetic health.org 12/12/2018; READ THE FINE PRINT, ehtrust.org

3. Out of 55 cases of testicular cancer among police officers, 53 routinely placed their radar gun on their laps. Ronald A. Giroux, Daubert v. Merrel Dow: Is This What the BMF Doctor Ordered? 12 Pace Envtl. Rev. 393 (1994) note 94.

By the time police officers sought funding for a study on the cause of their testicular cancer, the number of police officers with testicular cancer increased to 189. Microwave News Sept/Oct 1992.

It appears that the Wireless Industrial Complex derailed funding for the study. However, 7 years ago, a study found that only 4 hours of exposure to the microwave radiation emitted by a laptop caused DNA damage to human sperm, which is a marker for pre-cancer. Avendaño et al., 2012.

- 4.. The San Fco. EarthLink Wi-Fi Network (2007), The Bioinitiative Reports (2007, 2012), and the Health Effects of Microwave Radiation Frequency Transmissions by Dr. Paul Dart (2013) collectively cite more than 2000 peer-reviewed scientific studies of the harm caused by exposure to the same power levels of microwave radiation reaching police officers at work.

Exposure to microwave radiation can cause severe harm to the unborn children of police officers. A Wellness Guide for the Digital Age by Kerry Crofton PhD. (2014) pgs 27,41, citing among other studies Razavinasab et al (2014); Lowenthal et al, (2007); Infante et al (2003); Nakamici et al (2009); Bellieni et al, (2012).

Sections 18 and 19 of the Bioinitiative Report (2012).

In my family, several children were born with brain damage. The common thing in these children is that their mothers were users of cell phones while pregnant. The number of children with brain damage has increased from 1 in 10,000 to 1 in less than 50, and experts warn that the use of wireless devices by children and pregnant women is bound to leave no child without brain damage and that by the time parents become aware of this danger, we are bound to lose many children. Crofton pgs 14,15,39, id; Autism Awareness in the Valley, the McAllen Monitor April 6, 2014 at 13D.

See letter of the German Environmental Physician Initiative at pgs 385-390 of Kerry Crofton PhD. Radiation Rescue (2009).

- 6.. San Fco. EarthLink Wi-Fi Network (2007) pg 16; Brief of the Intl. Association of Fire Fighters to the US Supreme Court Case No. 04-15115.

- 7.. Carleigh Cooper, Cell Phones and the Dark Deception (2009) pg 97, citing Perry F.S. et al, Environmental Power Frequency Magnetic Fields and Suicide (1981). Out of 6,000 workers exposed to occupational levels of ELF radiation (2-10 mG), 536 workers died by suicide, Savitz et al, 2000.

Chronic exposure to the same microwave radiation reaching police officers at work can cause anxiety, depression, aggressiveness and suicide. See Martin Pall, Microwave Frequency Electromagnetic Fields (EMF's) Produce Widespread Neuropsychiatric Effects Including Depression. Journal of Chemical Neuroanatomy 75 pt. B (2016): 43-51-

8). Section I of the Bioinitiative Reports (2007, 2012).

9). "Errors in diagnosis and treatment of diseases are common in physicians ignoring the principles of environmental medicine. They should be aware that various tests developed since the early 198s 'take the guess work out of the diagnosis' of chemical and electromagnetic hypersensitivity, writes Dr William J. Rea in a new paper published in Reviews on Environmental Health." Medical pioneer writes a history of environmental hypersensitivities, Andre Pautex, 2016.

A medical doctor testified to the Massachusetts legislature how if her children had not been evaluated by doctors with expertise in the harm caused by radiation, her children could have spent the rest of their lives misdiagnosed, mismedicated and mistreated for the harm caused on them by the compulsory exposures to microwave radiation at school; how her son, because of his aggressivness, could have spent the rest of his life on a mental hospital; and how her children are the tip of the iceberg of the millions of children that are now being misdiagnosed, mismedicated and mistreated for the harm caused by exposure to microwave radiation. (Document available upon request)

For specific, concrete and undisputed medical, scientific and legal evidence on the record proving the fraud on the Courts to conceal the harm being caused by microwave radiation on children, teachers and on other innocent, defenseless and unsuspecting victims see Petition to Impeach 3 Federal Judges and other Criminal Complaints submitted to federal authorities and posted on the Case Law Section of wirelesswatchblog.org

PARENTS' ALERT W .

ELECTROHYPERSENSITIVITY EHS, PROVES CONCLUSIVELY THAT A MASSIVE MEDICAL MALPRACTICE AND A MASSIVE MEDICAID AND MEDICARE FRAUD ARE CONCEALING THAT THE WIRELESS/MICROWAVE TECHNOLOGIES AND SATELLITE RADIATION SURVEILLANCE USED IN SCHOOLS, HOSPITALS AND EVEN ON HOMES ARE MAIMING AND TORTURING TO DEATH, CHILDREN AND OTHER INNOCENT, DEFENSELESS AND UNSUSPECTING VICTIMS..

EHS includes painful, debilitating and catastrophic injuries to the immunological, neurological and cardiovascular systems which are caused and aggravated by exposure to wireless/microwave radiation commonly found in schools, hospitals and even at home. See wearetheevidence.org

EHS proves conclusively that the ability of the human body to absorb radiation is limited; that exposure to power levels of radiation commonly found on the environment are causing catastrophic harm and disabilities even to adults; and proves conclusively that without knowing, most people are suffering from symptoms of the harm caused by radiation. id.

I have been homebound for more than 7 years with a life-threatening EHS. Exposure to the same wireless/microwave radiation reaching children at school, including the radiation emitted by Wi-Fi computers, cell phones, cell towers and radar causes me among other things, swelling of vital organs, including swelling of brain and heart; swelling of eyes, face and head; symptoms of heart attack and of stroke; flu and allergy symptoms; rashes and loss of skin; joint and muscle pain; extreme weakness and fatigue; internal bleeding; and stomach, sleeping, vision, hearing, speech, memory, concentration and breathing problems. The delayed effects of exposure to radiation have been catastrophic. I have a medical history of life-threatening swelling of heart; my rashes and loss of skin have been life-threatening; and the swelling inside my skull has been so severe as to push an eye out of its socket. I have been violently ill several times. I collapsed several times. At times, I struggle to breathe even with oxygen. I am sleep deprived and in pain all the time. Everyday is a different torture.. This is a horrible way to die. My EHS has been recognized by federal and State agencies and by Courts as a physical medical condition and as a disability. EHS is reaching pandemic levels.. id.

ELECTROHYPERSENSITIVITY EHS, PROVES CONCLUSIVELY THAT A MASSIVE MEDICAL MALPRACTICE AND A MASSIVE MEDICAID AND MEDICARE FRAUD ARE IN USE TO CONCEAL THAT THE WIRELESS/MICROWAVE RADIATION AT SCHOOL IS CAUSING CHILDREN BRAIN, EYE, BLOOD, NERVE, HEART, AND DNA DAMAGE AND OTHER CATASTROPHIC AND IRREVERSIBLE HARM AND DISABILITIES THAT DEFEAT THE PURPOSE OF EDUCATION. See San Fco. EarthLink Wi-Fi Network (2007); Section I of the Bioinitiative Reports (2007,2012); and the Dr. Michael Dart Report (2013).

Despite that EHS is recognized by federal and State agencies and by Courts as physical medical conditions and disabilities; despite of the thousands of peer-reviewed scientific studies documenting the harm caused by exposure to power levels of wireless/microwave radiation commonly found inside schools and in other places; and despite that EHS is reaching pandemic proportions, most doctors are in the dark or in denial and continue misdiagnosing and mistreating with harmful drugs and harmful and unnecessary invasive procedures the harm being caused by radiation on children and on other innocent, defenseless and unsuspecting victims.

Specific, concrete and undisputed medical, scientific and legal evidence on the record proves how federal and State agents and members of the Judiciary committed fraud on the Courts to conceal that the compulsory exposures to microwave radiation at school and radiation satellite surveillance are maiming and torturing to death children and other innocent, defenseless and unsuspecting victims; and to conceal that under the fabricated excuse of national security, the future of our children and the future of our country and of our national security are being sold to the Wireless Industrial Complex as detailed on the Petition to Impeach 3 Federal Judges and on other Criminal Complaints submitted to federal authorities and posted on the Case Law Section of wirelesswatchblog.org

I am willing to testify before any legislature or Court of law to the crimes being committed against children and others. By phone, health permits.

SHARING THIS INFORMATION WITH PARENTS, TEACHERS, SCHOOL OFFICIALS, PASTORS, DOCTORS, ATTORNEYS, AND LEGISLATORS CAN SAVE LIVES. OUR CHILDREN CANNOT DEFEND THEMSELVES FROM THESE ATROCITIES.

Respectfully,

Jesus Mendoza
