

Re: Request for Disability Accommodation

Mr. Victor Flores

Attorney for the City of Mission

Dear Mr. Flores,

I respectfully request the City of Mission as accommodation to my life threatening disability, electrohypersensitivity (EHS) immediate notification of any application by wireless or other companies or individuals for a permit to place a wireless/microwave and/or 5G transmitter within half a mile of my home.

For the most part, I have been home-bound for more than 12 years with life threatening EHS and chemical hypersensitivity (CHS) also known as multiple chemical sensitivity (MCS) which are aggravated by exposure to even low levels of radiation and/or chemical odors. (Somehow, similar to exposure to even small amounts of peanuts to people suffering from peanut allergies.)

I cannot be inside my home but for a few minutes at a time, and I stay in a small metal room and in other places in the backyard, including an underground place. However, even the low levels of radiation and of chemical odors reaching my place, aggravate my EHS and CHS.

I have been violently ill several times. I am in pain and sleep deprived all the time. At times I struggle to breathe even with oxygen. This is a horrible way to die.

My EHS and CHS have been recognized by federal and state agencies and by courts as physical medical conditions and as disabilities as detailed by the Statement of Physical

and Disabilities posted at <http://www.wirelesswatchblog.org/wp-content/uploads/2022/03/Statement-of-Physical-Disabilities-1.pdf>

I cannot drive or walk on the streets, go grocery shopping or receive emergency healthcare inside a hospital without aggravating my life threatening EHS and CHS. The placement of a transmitter in proximity to my place is bound to increase my pain and suffering, and can make me homeless and can amount to a death sentence.

Recently, attorney Andrew Campanelli, a legal expert in dealing with wireless companies, offered his advice to city attorneys on how to protect people in my situation. His phone number is 516-746-1600.

Please let me know if I will be immediately notified of any application for a permit detailed herein. Please keep my statement of physical disabilities for future reference and to support requests for disability accommodation to the City of Mission.

Your prompt attention to this matter is highly appreciated.

Respectfully,

Jesus Mendoza
